

2020 IEEE Brain Workshop on Advanced Neurotechnologies

Since 2016, the IEEE Brain Workshop on Advanced Neurotechnologies has brought experts from industry, academia, and research together to discuss advancements and exchange technical ideas in neuroscience and neurotechnologies.

Due to the COVID-19 pandemic, the 2020 IEEE Brain Workshop on Advanced Neurotechnologies will be transforming its dynamic and rich program onto a virtual environment. Live keynotes, symposia, and panel discussions will highlight and showcase the many exciting developments in neuroscience and neurotechnologies. A “poster session” with pre-recorded videos will provide presentation opportunities for young researchers.

For patrons, the 2020 IEEE Brain Workshop on Advanced Neurotechnologies is an outstanding opportunity to showcase your products and applications to an enthusiastic and engaged audience. The virtual event will allow our patrons visibility beyond what is typically available at an in-person event.

To arrange or discuss your sponsor package, please contact brain@ieee.org.

Virtual Patronage Options	Platinum Sponsor \$8,000	Gold Sponsors \$5,000	Silver Sponsor \$3,000	Exhibitor \$1000
